Dear Way of Grace Church,

Loving greetings to you from Pastor. Daniel & Family!

We all are doing well here and growing in the Lord and we hope that all is well with each of you at the group. We continue to remember you in our daily prayers. And we are so thankful and grateful to you for your kind support and prayers which come regularly.

On the ministry front this 3<sup>rd</sup> quarter I was able to visit 12 villages and visiting 323 homes conducting 76 cottage prayer meetings, distributed 50 New Testaments, 640 tracts and as a result 415 people were personally reached with the gospel and 21 people believed on Jesus Christ and 13 people witnessed in the waters of baptism.

On one of the outreaches at Baddenapally village we had to face much opposition as the villagers asked us to leave the village. God has really protected us as the villagers were very angry with us and for our preaching in this village. Thank you for your prayers. Many new people are showing keen interest in the gospel and many of them are also attending the church.

On 21<sup>st</sup> September my mother Sarah was called to glory. God took care of all the need for her burial. And as such God has really comforted us and I thank each of your for upholding me in your prayers.

Testimony: In Siricilla village a man by name Narsaiah and by profession he is a contractor and he is a heavy drunkard. There was no peace at his home and in order to get peace he used to approach magicians in the village. But he could not get peace of mind. One day while we were preaching good news in Sircilla he heard the gospel and came to know Lord Jesus as His personal Saviour. Since then on wards there was overwhelming peace and joy in his home. Now he and his wife Gowravva are attending Church regularly. They come from Hindu background.

My wife Esther has developed mental imbalance in the recent months and it is a matter of concern. With so many ministerial responsibilities and grown up children in the house it has become very tough handling this type of situation at home. By the grace of God I was able to bring her to the city hospital for treatment and at this place she was given course of medicines for a month. I request your fervent prayers that the Lord would really touch and heal her.

Both my sons are doing well and we continue to remember you in our family prayers. Please pray for them that they will grow in the grace and the knowledge of Jesus Christ and also do well at their academics.

Continue to pray for God's special grace upon me as I am suffering with diabetise. I once again thank each of your for your encouragement and prayers.

The house construction is still going on. Please pray for its completion and also Church construction at Badenapally.

Also pray for Pochavva suffering with cancer. Also pray for Muthavva who is suffering from brain tumours.

In His Service,

*Pastor. Daniel*
