

09th October, 2008.

To:

Ps. Bryce Morgan,
Way of Grace Church,
U. S. A.

Dear Pastor Bryce,

Warm greetings to you from Pastor. Daniel& Family!

By the grace of God and your prayers me and my family and the church are doing well. How are you doing? How is the church?

This month I was able to saturate 2 villages namely Tharigalapally and Badenapally saturating 200 homes conducting 15 cottage prayer meetings and distributed 300 gospel tracts, 20 New Testaments reaching out to 250 people and 6 people have accepted Jesus Christ as their personal saviour. Though they give time to hear the gospel but are not very receptive to the gospel. These village people are idol worshippers they are so entangled and fear their gods and as such it is not so easy for them to come out. The month of September people take a special time to buy gods from the market and worship them for 9 days and throw them back into the waters. Every village, every area set-up idols and worship them. We need your continued prayers as we serve the Lord in such hostile circumstances.

Due to heavy rains this rainy season it has been very difficult for us to go out for ministry as many of the roads were cutoff and we had to face many problems due to bad roads going into the interior villages which hardly have any transportation facilities.

My wife Esther is back to normalcy and we both are going out for the ministry. Thank you very much for your prayers for her. The congregation is also doing well and we thank you very much for your kind support and your partnership in the ministry.

Kindly uphold our dear ones in your prayers:

1. Mr. Yelanna suffering from Asthama.
2. Laxmanna and family have backslidden in faith please pray for their restoration.
3. Pray for good health for Anusha.
4. Pray for my good health as I am a diabetic patient.

In Christ,
Pastor. Daniel
