

13th July, 2009.

To:
Ps. Bryce Morgan,
Way of Grace Church,
U. S. A.

Dear Pastor. Bryce,

Warm loving greetings to you from Ps. Daniel!

It's always my joy to write to you on the ministry and bring my work report together with prayers and requests.

How are you? How is the family? Myself, my wife Esther and sons Samuel and Samson are doing well by the grace of God. This month I had the opportunity to visit 2 villages Sarampally and Yerrakuntapally visiting 150 homes and conducting 14 cottage prayer meetings and distributed 10 New Testaments and 300 gospel tracts. As a result of this ministry 4 people have accepted Jesus Christ as their personal Saviour.

Also I request your special prayers for sisters who are waiting for safe confinement – Sumalatha, Renavva & Lakshmi.

During this month Lord enabled us to conduct Vacation Bible School in 2 villages. Nearly 95 children attended in both the villages. Though we had hot temperatures God protected the children and blessed our efforts in impacting many for His kingdom.

Seed Project: Cleaning Up the Surroundings

Area: Jillela Church:

Pastor. Daniel

Place: 100 meters from the church

Input Given By: Ramesh

Seedproject Done by: Samuel, Ramesh

People Impacted: Construction Workers

100 meters from our church we have construction workers who are living here in unhygienic conditions with garbage around their homes. Seeing this I encouraged my church members and took them alongwith me and together we cleaned up the whole area and threw the garbage outside the village thus making the area clean and free from unhealthy conditions such as mosquitoes and flies. It took nearly 2 hours to complete the job and the construction workers were impacted by our care and concern for them.

In Christ,
Ps. Daniel
