...

Warm greetings to you from Ps. Daniel!

...By the grace of God and your prayers I and my family are doing well and also the congregation.

As a result of the ministry in the month of October 4 people are newly coming to the church. Pray for Ramachander and his family for their salvation as only one among their family is showing keen interest in the gospel.

September and October were the months wherein many people were effected with viral fevers and even many of our believers were also down with high temperatures and seeked my prayers. God has kept us safe and protected us because of His grace. We thank you so much for your prayers.

Pray also for my health. I had eye problem and also diabetes. God has healed me from the eye problem pray that the diabetes would be in control.

Laxmi who is widowed at a very young age with a son. She is from a Hindu family they do sheep rearing. They live very nearby to the church which is half kilometer. She is mentally disturbed as she has lost her husband. My wife and myself we both visited her and comforted her from the word of God and invited her to the church. Please pray for her that God would comfort her.

Me and my family are doing well and growing in the Lord. By the grace of God my wife Esther is completely healed and back to normalcy. Thank you very much for your prayers. Pray for my son who is seeking admission into a Bible college.

I thank you once again for your prayers and provision for which I am grateful to you.
